- ~Full time & part time
- ~Flexible hours

At Zoomin Groomin our franchise locations offer Mobile Pet Grooming, a complete service package for pets. They use Earth Friendly Products and the latest Technology. Our approach is simple: provide *safe, clean, convenient, comfortable, reliable* pet services in an **environmentally responsible manner**. At Zoomin Groomin we focus on the **comfort of the pet**. This means the absolute highest quality, comfortable mobile pet grooming. Working with Zoomin Groomin as a pet groomer can be the most **REWARDING job** (independence, working with pets), or it can mean the most fun you can have operating your own pet business. We work in a business that loves us back!

### **A prospective groomer should have the following qualifications:**

Should be a trained or experienced groomer with knowledge of at least 20 dog breeds. Common breeds that owners have groomed in both shops and mobile include Shitzus; Frizes (Bishons, Malteses Poodles); Doodles of all sizes, and large breeds such as Retrievers, St. Bernards, Mountain dogs, etc.

Inexperienced groomers should possess an *understanding of canines in general*. Training will involve basic profiling of breed behaviors. But, they will also learn that there will be exceptions to the rule, so the groomer must remain open minded and not pre-judge a dog by the profile of its breed.

**A groomer is our ambassador** and must possess good communication skills, must be a good listener and be open to new ideas that may help them possibly be more efficient in the way they groom an animal. They must be charismatic in nature, due to the one on one contact with both clients and animals. First impressions are very important, so during the interview process, the business owner should be able to determine at that time what type of personality the prospective groomer has.

### **Overall Groomer Qualifications - Each groomer must:**
